## Installation Instructions

The Contempo Valance is a specialty valance specifically designed for 3 Day Blinds custom Essentials® and Transitions® Mini Blind.

Make sure the valance clips have been attached to the headrail prior to installation, as noted within the Mini Blind Installation Instructions included with your blind.

### INSIDE MOUNT VALANCE INSTALLATION

1. Insert the top of the valance into the top lip of the valance clips.
2. Gently lift the top lip of the valance clip and snap the middle into the center lip of the valance clips. (See Figure A)

### OUTSIDE MOUNT VALANCE INSTALLATION

**NOTE:** The outside mount Contempo Valance requires the return ends be formed into position. To do this:

1. Make sure the slats are evenly spaced inside the valance.
2. On the back of the valance, locate the notches approximately 4" in from each end. If extension brackets are used, the notch will be further from the end.
3. At the notch, bend the return at one end of the valance all the way over to crease (See Figure B1) and then back halfway to form a 90° angle. (See Figure B2)
4. Repeat for the other end of the valance.
5. Install the valance per the "Inside Mount Valance Instructions" provided above.
